

The Fairhaven Homes 5 Star Guarantee

Build your new home with the peace-of-mind that every Fairhaven construction meets industry regulations, is independently certified and comes with a 6 month service warranty.

1 Customer Focused

From your first display visit to long after you've moved in, we're focused on providing you with a seamless and truly enjoyable experience. That's why we request customer feedback at every stage of the build process. It's our way of ensuring our product and customer service remains on point.

2 Quality Products

When you choose to build with us, you're choosing a better standard of home. That's because we build our homes with materials rated well above Australian specifications like quality Machine Grade Pine for extra structural strength and thicker R2 insulation batts to provide better energy efficiency.

3 25 Year Structural Guarantee

We don't think our homes are solid, we know they are! We're so confident that we back them with a 25 year structural guarantee. You see, it all starts with good foundations. Not only do our innovative techniques reduce your site costs, they're the key to a stronger foundation to build on.

4 Independent Building Inspector

We provide quality craftsmanship and definitely don't cut any corners... but don't take our word for it! To give you the added peace-of-mind that everything has been completed to a high standard, we engage an independent building inspector at every stage and provide a final building certificate on completion.

5 6 Month Service Warranty

You'll never forget the day you receive the keys to your brand-new Fairhaven home and we won't forget you either! A Fairhaven relationship doesn't end at hand-over. We understand that houses need to be tested by people and the elements. Rest assured with a 6 month service warranty at settlement.
